

What a year it has been for Youth Foundation 3081 with \$13,000 donated to 10 youth led projects. March 2012 saw the launch of the revamped YF 3081 with state government handing over the project to new partners including Banyule Community Health and La Trobe University all the while celebrating the continued partnership with the East Ivanhoe and Heidelberg Community Bank branches of the Bendigo Bank and Banyule City Council. The launch was a celebration of what the project had achieved over the previous 5 years and a look forward to the future with young 3081 residents expressing what they would do for their community if they had a \$1000 grant.

Here is a snap shot of some projects that have come to fruition this year.

Anti bullying compliment stickers

James, Hugo and Sen in year 9 at Macleod College came up with the anti bullying project that has seen 3000 stickers printed with 6 different compliments including "I think you are amazing" and "I wish I was as awesome as you!" Students have anonymously placed the stickers on lockers of people that they may have bullied or given someone to lift their esteem. Thanks to the Old Ivanhoe Grammarians Football Club for donating a further \$1000 towards the project so the stickers can reach more schools.

I think you are amazing!

Everyone has the right to feel awesome! Help make others feel special as well. Help put a stop to bullying.

There's nothing wrong with you!
You are as perfect as everyone else!
